

ST. JOHN PAUL II CATHOLIC HIGH SCHOOL

Endorsements offered at St. John Paul II Catholic High School

For all students in the Classes of 2018 and beyond, we need to have on file a signed form stating the current intentions of a student and family as to which endorsement they will be seeking. This can change, and will be reviewed and renewed each registration time.

• ENDORSEMENT BASICS •

- Four More Credits -

All endorsements are four additional credits beyond the 24 Foundation Plan Credits.

- 4th Math and 4th Science -

All endorsements include a 4th Math and a 4th Science course.

- 1=1 -

Some foundation and endorsement courses will count in different areas, depending on the endorsement. A credit, though, can't count twice.

- SJPII Requirements -

We have our own requirements, where a course will be counted as an elective or toward an endorsement, but will be a local requirement for all students. These include:

- Health • Speech • Tech I
- 3rd Foreign Language Course
- 4th Social Science (World History II)
- 4th Math • 4th Science

- Changes allowed -

We have structured our plan to sequence of courses to allow changes even after sophomore year.

All students are automatically on target for multidisciplinary.

Arts & Humanities Endorsement
